KEEP OUT OF REACH OF CHILDREN

WARNING See Back Panel for Additional Precautions

Net Wt 0.56oz (16g)

How It Works

FRUIT FLY BARPRO FLYSTRIP utilizes controlled release technology to slowly diffuse a deep penetrating vapor in enclosed spaces for up to 4 months. The clean, odorless vapor is evenly distributed throughout the enclosed treatment area, killing visible and hidden insects on contact and preventing new insect infestations.

What It Does

Kills Flying and Crawling insects including Flies, Cockroaches, Gnats, Mosquitoes, Moths, Spiders, Beetles, Earwigs, and other listed insects.

Where To Use:

Garbage Rooms, Lavatories, Floor Drains (To Sewer) Entries and Vestibules, Offices, Locker Rooms, Machine Rooms, Boiler Rooms, Utility Equipment, Garages, Mop Closets and Product Storage (After Canning or Bottling).

STOP! READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Remove pre-assembled FRUIT FLY BARPRO FLY STRIP from sealed bag when ready to use. Do not allow children to handle new or used strips. Place in desired location away from windows and out of reach of children and pets. Drafts, weather and other conditions may affect the performance, but treatment usually last for four(4) months. One 16 g strip will treat 100-200 cu. ft. Record the date of installation and replace with a new, fresh, full strength strip at the end of four(4) months or when effectiveness diminishes. Do not use in the food/feed areas of food/feed processing or food/feed manufacturing or food/feed service establishments. Non-food/feed areas of these establishments where the product can be used are areas such as garbage rooms, lavatories, floor drains (to sewer) entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, utility equipment, garages, mop closets and product storage (after canning and bottling).

FOR USE IN THE FOLLOWING

Garbage Rooms, Lavatories, Floor Drains (To Sewer) Entries and Vestibules, Offices, Locker Rooms, Machine Rooms, Boiler Rooms, Utility Equipment, Garages, Mop Closets and Product Storage (After Canning or Bottling). WITHIN HOMES, USE ONLY IN CLOSETS, WARDROBES AND CUPBOARDS. DO NOT USE IN AREAS OF A HOME WHERE PEOPLE WILL BE PRESENT FOR AN EXTENDED PERIOD OF TIME (e.g. Living Room, Family Room). Gives continuous protection against moths, silverfish, cockroaches and other insects, as listed, in Garbage Rooms, Lavatories, Floor Drains (To Sewer), Entries and Vestibules, Offices, Locker Rooms, Machine Rooms, Boiler Rooms, Utility Equipment, Garages, Mop Closets and Product Storage (After Canning or Bottling) for up to four (4) months and leaves no odor. Remove the strip from sealed bag and hang or stand on wardrobe or closet rail, ensuring that the strip does not contact clothes or fabrics and that the air can circulate around the strip. Keep the space closed. One 16 g strip will treat a space of 100-200 cu. ft. for up to four (4) months. If more than one is required, distribute them over the space equally. Record the date of installation so that the old strip may be replaced with a new, fresh, full strength strip at the end of the four (4) month period or when effectiveness diminishes. Do not use more than the number of strips recommended for the space to be treated. Do not use in closets and wardrobes of rooms where infants, children and the sick or aged are or will be present for any extended period of confinement. Do not use where unwrapped food is stored or allow the strip to come into contact with food or cooking utensils. Do not allow children or pets to play or to sleep in these areas when treatment is in progress. Do not allow children to handle new or used strips.

FOR USE AS A FLY KILLER

Kills flies and other insects as listed for up to four (4) months. Remove from sealed bag and hang or stand, out of reach of children and pets, in an open space of an enclosed area, away from windows. Do not allow children to handle new or used strips. One 16 g strip will treat 100-200 cu. ft. which is about equal to a space of 8' x 8' x 3' for up to four (4) months. In a larger space, if more than one strip is required, keep them at least 10 feet apart. Record the date of installations so that the old strip may be replaced with a new, fresh, full strength strip at the end of the four (4) month period or when effectiveness diminishes.

PRECAUTIONARY STATEMENTS

new, fresh, full strength strip at the end of the four (4) month period or when effectiveness diminishes.

PRECAUTIONARY STATEMENTS

WARNING: HAZARDS TO HUMANS AND DOMESTIC ANIMALS

May be fatal if swallowed. Do not get in mouth. Harmful if inhaled. Causes moderate eye irritation. Avoid breathing vapors. Avoid contact with eyes or clothing. After prolonged storage, a small amount of liquid may form on strip. Do not get liquid in eyes. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse. Do not use in hospitals or clinic rooms, such as patient rooms, wards, nurseries, operating or emergency areas. Within homes, use only in closets, wardrobes and cupboards. Do not use in closets and wardrobes of rooms where infants, children and the sick or aged are or will be present for any extended period of confinement. Do not use in kitchens (except cupboards), restaurants or areas where food is prepared or served. Do not use in any area of the home where people will be present for extended periods of time. Not to be taken internally by humans or animals.

FIRST AID

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. **POISONING SYMPTOMS:** This product is a cholinesterase inhibitor. Symptoms include weakness, headache, tightness in chest, blurred vision, non-reactive pin point pupils, salivation, sweating, nausea, vomiting, diarrhea, and abdominal cramps. **TREATMENT:** Atropine is the specific therapeutic antagonist of choice against parasympathetic nervous stimulation. If there are signs of parasympathetic stimulation, atropine sulfate should be injected at 10 minute intervals in doses of 1 to 2 milligrams until complete atropinization has occurred. Morphine is contraindicated. 2-PAM is also antidotal and may be administered in conjunction with atropine. Clear chest by postural drainage. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

FOR THE FOLLOWING EMERGENCIES, PHONE 24 HOURS A DAY:

For Medical Emergencies phone: 1-888-681-4261. For Transportation Emergencies, including spill, leak or fire, phone: CHEMTREC 1-800-424-9300. For product use information phone: AMVAC 1-888-462-6822

STORAGE AND DISPOSAL

Storage: Do not contaminate water, food or feed by storage or disposal. Do not open or remove from package before ready to install. Store in a cool dry place. **Foil Pouch:** Do not open or remove from package before ready to use. **Disposal: If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain. **Outer Container:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available or dispose of the empty container in trash.
